

Hallie Bea Barnard is looking for a bone marrow match. She was diagnosed with a very rare bone marrow disorder, Diamond Blackfan Anemia (DBA), at 13 months of age. She is now 9.

Hallie's Heroes was founded in July of 2015. Using Hallie's courage and strength as our example, we are on a mission, not just try to save one little girl, also the 14,000-other people who are desperately waiting to find their bone marrow matches.

**JOIN US for a life-saving ride led by the Blue Knights LE MC**

**OPEN TO THE PUBLIC: \$10 per rider**

**Saturday, June 24<sup>th</sup>**

**Registration: 0900 at American Eagle Harley-Davidson - 5920 S. I-35 E - Corinth, TX**

**KSU: 1100 for a 1-hour ride. Cook-out at AEHD immediately following.**

We have partnered with DKMS-US to register potential life-saving donors and give patients in need a second chance at life. We will be registering interested and eligible life-savers during this event.
